Rogers Sugar announces the publication of its inaugural Environmental, Social and Governance Report

Montréal & Vancouver, Canada – June 18, 2021 – Rogers Sugar Inc. (the “Corporation” or “Rogers Sugar”) (TSX: RSI) is pleased to announce that it has published its first Environmental, Social and Governance (ESG) report based on the past two years of data. It highlights the Corporation’s sustainability efforts in such areas as energy use, employee health and safety and Board renewal and diversity. It also addresses several important topics including packaging and raw material sourcing.

“While this is our inaugural report, we have been committed to ESG for many years. This report formalizes our process and should be considered a base from which we will build. Over time, we intend to share additional ESG metrics and develop targets to measure our progress,” stated John Holliday, President and CEO of Lantic.

“In line with our commitment to sustainability, we continued our journey in recent months as the Board approved and adopted a Diversity policy and a Say-on-Pay policy. We look forward to continuing to share our progress on a regular basis and to create shareholder value,” concluded Mr. Holliday.

The ESG report can be found on the Rogers Sugar website at www.lanticrogers.com.
